Homeowner-Contractor

Scope and Cost Verification Form

This Scope and Cost Verification Form covers only the work explicitly identified in the Fire Defensible Space Inspection report for this property. Any work beyond the direct requirements of the Fire Defensible Space Inspection is outside the scope of this form and is not included. This includes, but is not limited to, replacement planting or revegetation, landscaping improvements, tree trimming or removal unrelated to defensible space requirements, debris hauling beyond what is specified in the inspection, stump grinding, irrigation system work, pest or disease treatment, lawn care, and general property cleanup or beautification.

Description of Work	Cost
